Fifteen Years of Interscholastic Football at CSDR

By Warren Fauth
Director of Athletics

In this article sports refer to interscholastic games which started at CSDR 15 years ago as opposed to regular Physical Education classes which have been a part of the school curriculum since its inception in 1953.

Sports, constitute an extracurricular activity which offer many unique opportunities and experiences for our deaf boys and girls. Foremost among these is the chance for our students to compete on an equal footing with hearing boys and girls. The fact that our teams do well give our boys and girls confidence to face the realities and competition of the hearing world. Sports develop qualities of leadership, sportsmanship, cooperation, teamwork and self-discipline, all of which are assets in the daily struggle for success in our world of today. Hopefully, along with the physical development and training, sports offer mental stimulation in analyzing the plays, understanding the rules and outsmarting the opponents. Some sports are largely individual effort and require long hours of training and practice. Self-discipline, pride in accomplishment and the desire to succeed are some of the attitudes that we hope to foster in these individual sports. In team sports additional good habits and attitudes are developed by the need for getting along with others, working together and above all the knowledge that others are dependent on you for success or failure.

We hope that through our sports program we are making men out of boys and women out of girls and that these men and women will be a credit to their home, school, community, and country.

The school year 1970-71 marks the 15th year of interscholastic sports at CSDR. In each issue of the **Palms** this year we would like to trace the development of each sport from our first year to the present.

In 1956-57 CSDR joined the California Interscholastic Federation and became a member of the Arrowhead League with planned participation in football, basketball and baseball.

The first season was a very limited one in which three games were scheduled. The record shows that Twin Pines beat CSDR in our first game 52-0, another loss was to Boys' Republic 20-7. Rim of the World also a newcomer to the league had to forfeit to us so another game was scheduled against Poly High School's "B" team which was won by CSDR 18-0. In 1957-58 the Cubs lost all six scheduled games, two by forfeit due to an epidemic of Asian flu on our campus. In 1958-59 CSDR won their first varsity league game beating Elsinore N & M 19-6. The year's record was one win and four losses. In 1961-62 our coaching staff was expanded and Pete Lanzi took over head football coaching duties from Bill Thornton who had been football and track coach up to that time. In 1964-65 the Cubs had their first winning season against league opponents winning four and losing two although they were four and four overall for the season.

The 1965 team had the best record of any CSDR football team with a season record of seven wins and two losses. This team was chosen as the number one deaf team in the nation. Unfortunately the two losses were league games and we did not qualify for the CIF play offs. CSDR's Jerry Moore won considerable recognition as the league's most valuable player and was selected for the all CIF and All Deaf American teams. He was also chosen as the most outstanding player in Riverside County.

1966 was a let down after several good seasons and CSDR had a record of only two wins and six losses, beating only Boys' Republic in league play.

Do You Have a Moment?

This year, as in the past, school opened without any confusion. Anyone visiting our campus that first day would have assumed that we had not closed for the summer. I was very pleased with the appearance of everyone. Actually I didn't know what to expect considering the way everyone was letting his hair grow before school closed.

This was a big summer for many of the staff who traveled to Sweden and Europe during their vacation. Sweden was host to the International Congress and over 300 persons attended the meetings from the United States. At one point I planned to attend but decided against it after investigating the cost. It seems the longer you planned to stay the cheaper the fare. I had only 10 days. I did, however, spend a week camping in the high mountains near Mt. Whitney. My son and I packed in by horse and fished the Rock Creek Lakes for golden trout. We caught our limit every day we were there.

Our staff has grown this year. CSDR now has over 100 teachers. The Multihandicapped Unit alone has eight new teachers, and Mr. Lennan, who supervises that department, has been promoted to Assistant Superintendent, Multi Handicapped Unit.

Dr. Brill, in his comments to the staff on opening day, remarked that he has been superintendent of this school for 20 years and that the school has had pupils enrolled for over 17 years. He asked if that meant we were still a new school. Some of the former students who graduated from CSDR are now on our staff as teachers

and counselors. That doesn't put us in the same age bracket as our sister school in Berkeley, but I do think we can drop the expression "new school".

In closing, two bits of information you parents might like to know. First, we have in our total enrollment, which includes the Multihandicapped Unit, 615 children. Second, eight of the fourteen who were accepted at Gallaudet this fall will enter the freshman class without having to take the preparatory first year program.

Fifteen Years of Interscholastic Football

(Continued from Page One)

With changes in the league and an annual homecoming game CSDR gained stature as a football power by posting winning seasons for the last three years, beating new teams in the league and renewing old rivalries.

In 1967 CSDR defeated Norco and Ontario and upset a favored Notre Dame team 25-0. In '68, playing the Indians from Sherman for the first time, the Cubs scored a 37-21 victory while posting a season's total of five wins and four defeats.

In spite of success in our league CSDR had never beaten two of the league teams. Aquinas and Webb. In 1969 in an exciting homecoming game CSDR for the first time downed powerful Aquinas 28-22.

Nineteen hundred seventy marks our 15th year in the league. We have again had changes with new teams coming into the league and old friendly rivals leaving the league. We hope to improve on our overall record in league play of 32 wins, 43 losses and one tie. Since CSDR has never lost a homecoming game we hope to set a new school record by beating Webb this year in our homecoming game.

This year, for the first time, our girls are in the Girls' Extracurricular Sports Program for the Riverside Schools. They will be participating in play in basketball, track, and volleyball.

Mrs. Esther McGarry

Everyone who lives makes an impact on others. The personal influence for good of some people is much greater than others, probably because of the genuine personal interest they take in the well-being of others. Mrs. Essie McGarry was one of these people who was vitally concerned with the best interests and welfare of deaf children. She was an excellent teacher who loved her pupils and loved her teaching. Her death on July 31 was a great loss to all of us.

Mrs. McGarry had been a teacher in this school from September 1953 until the fall of 1968. During her teaching career she taught in several departments and taught children of varying ages, from preschool children, whom she worked with one summer at the John Tracy Clinic, to high school students. She was an excellent teacher regardless of the age of the children, but she probably enjoyed working more with the older children of junior high school level, and she was intensely interested in trying to improve their reading ability because she recognized this as one of the greatest needs of deaf children. As a result she taught reading well and her pupils were always interested in her classes.

From its first issue, Mrs. McGarry was the editor of **The California Palms**. Because of her high standards this school paper has been recognized for its excellence throughout the profession of teaching the deaf.

Probably more pupils who were currently enrolled in this school or who had formerly been enrolled visited the McGarry home than perhaps the home of any other member of our faculty. The reason they did this was because they knew that they would be accepted and welcomed there. They knew that both Mr. and Mrs. McGarry would listen to their problems and would give them good advice if it were indicated.

The Esther McGarry Reading Award Fund has been established in Mrs. McGarry's name in order to help motivate deaf pupils in this school to improve in reading. This is a most appropriate memorial in remembrance of our friend, Mrs. Essie McGarry.

PTCA President's Message

Friends, we're in the old routine again. Meeting the bus schedule is an old problem to lots of us. We have had some experiences in the past that make the present rules necessary. Do remember; all children must be picked up by parents within twenty minutes of the time the bus delivers them on Friday afternoon. If they are not met within twenty minutes, the counselor will take them back to Riverside on the bus. You can imagine how your child will feel if that ever happens. As you drive out to Riverside to get him, you may realize that your child will not only feel pretty unhappy but will also have about five hours riding to get home for that weekend. So... get to the bus stop a little early and keep everybody happy.

November 7 is the day when the California Association of Parents of Deaf and Hard of Hearing Children will hold a fine convention in Los Angeles at the Airport Marina Hotel, Lincoln and Manchester Boulevard. The program includes our own teacher, Mr. Larry Newman, and other outstanding people: Dr. Hilde Schlesinger, psychiatrist; Miss June Newkirk, Reading specialist; teachers of dance and art; teen-age panels, parent panels, book exhibits, films. You can't afford to miss it. Next year the convention will be in northern California so don't miss this one.

If you don't receive **Sound Off**, CAP's magazine, write me a letter.

Vocational Palms

Joanne Meek, homemaking teacher at the California School for the Deaf, receives a \$1,000 check from John Ellena, President of Regina Grape Products Co. She joined other national prize winners at an awards luncheon at Regina's new restaurant in the winery in Etiwanda. Her recipe for Burgundy Meat Ball Soup won in the Regina Cooking Burgundy contest.

A Big Surprise

On Tuesday, June 17, Miss Meek received a phone call. Last October she had entered a recipe contest and her Meat Ball Soup won a first prize. She was very surprised when she found that she had won \$1,000. The soup was first made in an Oriental cooking pot sent to her by a friend when he was in Vietnam. The pot looks like an angel food cake pan with a lid. Charcoal is placed in the center to keep the food warm.

The contest was held by the Regina Winery in Etiwanda. Over 6,000 people sent in recipes. Judges read through them and selected 60 to cook and taste. Then they picked the 15 best recipes and cooked them again for the men at the winery and they selected the final winners. On July 30 a luncheon was held in Etiwanda. The Burgundy Meat Ball Soup was served as part of the luncheon. After lunch Mr. John Ellena gave Miss Meek a check for \$1,000. She was very happy.

Maybe you would like to try cooking the soup at home sometime. It tastes good on a cold day. Here is the recipe.

BURGUNDY MEAT BALL SOUP

- ¾ lb. ground beef
- ½ lb. sausage
- 1 egg
- ½ teaspoon oregano
- ¼ cup bread crumbs
- ½ teaspoon salt
- 6 cups beef stock
- 1 cup REGINA COOKING BURGUNDY
- 1 cup tomato puree
- ½ cup chopped celery
- ½ cup chopped onion
- 2 teaspoons chili powder

Combine the meats, egg, oregano, bread crumbs, and salt and shape into walnut sized meat balls. Combine the remaining ingredients and bring to a boil. Add the meat balls and simmer for 45 minutes. Garnish with fresh chopped parsley. (To make beef stock dissolve 6 beef bouillon cubes in 6 cups of water.)

Book Report—

TITLE: Fall is Here

Author: Bertha Morris Parker

This book is about autumn. It tells what happens to the animals and plants in the fall. The weather becomes colder and the wind blows. The wind carries seeds. Farmers bring in the crops. The animals get ready for winter. The leaves change color and fall off the trees. There are two holidays in the fall that all boys and girls like. They are Halloween and Thanksgiving.

This book was easy to read. It had many beautiful pictures in it.

The Year Of The Cub?

Because of the late starting date for the opening of school, Coach Peter Lanzi had his varsity football squad report two weeks early to get into condition for the season opener on September 18. A squad of thirty-two hopefuls reported for duty, all of whom had had some playing experience last year. After tryouts and shifting of positions, Coach Lanzi came up with a starting line for the first game consisting of:

Left end, Rex Leadingham; left tackle, Chris Clements; left guard, Ralph Cardenas; center, Mike Adams; right guard, Don Cogswell; right tackle, Oliver Olivier; right end, Jesse Pearson; left half, Mike Butterfield; right half, Robert Ramage; fullback, Lance York and quarterback, Ken Watson.

Defense players and subs who should see plenty of action are as follows: Steven Bean, Mike Bixler, Mike Blair, Tommy Bledsoe, Tony Ortiz, Glen Palmer, David Sanderson, James Stuard, Steven Summers, Ricky Todd, John Tracey, and Mike Hirsch.

The first game was played before very few spectators but those in attendance saw the Cubs play a very impressive game against the Cougars from Twin Pines. The Cubs did everything right. Every backfield man scored touchdowns. CSDR scored by running and passing, and on intercepted passes. All in all they had quite a day downing Twin Pines, 42-6. The defensive unit looked very good by holding the Green and Gold to minus yardage, blocking two punts, and recovering two fumbles.

Our second game was a complete rout of Elsinore N & M by a score of 63-8. After the first few plays in which the Cubs quickly scored twice, Coach Lanzi sent in the subs who played most of the game. CSDR held N & M to over 100 minus yardage while gaining over 500 yards on the ground and through the air. High scorers were Butterfield, 14; Palmer, 13; York, 12; Tracey, 12 and Blair, 6.

Prospects are bright for a very good season. In league play Notre Dame, last

year's champ, is again favored to be league champ. CSDR will try to dispute this when they meet in the league opener. In addition Webb and Aquinas are always powerful and Big Bear may get help from their "B's" of last year who won the league championship in that division.

The players and coaches look forward to a very exciting season and hope that students, faculty and parents will attend games whenever possible.

The final game of the season will be our annual Homecoming game which will be held this year on Saturday, November 14. CSDR has won all three of the previous homecoming games but this year their opponent is Webb School of Claremont a team we have never beaten in football. Last year a fired-up CSDR team beat Aquinas High School for the first time so we hope that history will repeat itself. Homecoming should be a big day with the game starting at 2:00 p.m. and a dance in the evening. Homecoming activities are sponsored by the Student Body Government and all gate receipts and sales of refreshments will go into their treasury to be used for their functions throughout the year.

Baseball 1970

In spite of a poor season, as far as league standing is concerned, the boys from CSDR retained their interest in and desire to play baseball.

CSDR will play a full schedule of 14 baseball games in league play in 1971. The Cubs may lose but they never give up. CSDR's record for 1970 was as follows:

CSDR		OPPONENT	
6	Twin Pines	7

Girls' Sports

This year the girls from CSDR will participate in a girls' interscholastic sports program. For the past two years our volleyball teams have been associated with the Girls' Extramural Sports Program (GESP) and have placed 2nd and 1st in the varsity and have been B Champs for both years. However this year we have applied for full membership and will participate in three major sports, basketball, volleyball and track. Girls' basketball will be the first sport and Mrs. Peters and Miss Emerick are busy coaching the girls in all of the rules and regulations. The rules are similar to boys' basketball and our girls have much to learn. Mrs. Peters will coach the varsity team composed of: Heidi Zimmer, co-capt., Linda Ridenour, co-capt., Pam Ridenour, Sharon Ingenthron, Norma Weaver, Linda Tucker, Kathy Shaw, Lou Ann Ohai, Marlinda Vogel.

Members of the "B" team coached by Miss Emerick are: Gloria Estrada, capt., Estella Lugo, Cynthia McGee, Cherri Allen, Vickie Phillips, Rosie Atwell. Nikki Roberts is the manager and Laura Escobar the scorer. The schedule of the basketball games is as follows:

Wed., Oct. 21: Sherman, here 3:00 p.m.

Wed., Oct. 28: Ramona, there 3:00 p.m.

Wed., Nov. 4: North, there 3:00 p.m.

Senior Class

The Senior Class went to Balboa Beach last September 26. We left here about 9:15 a.m.

We had lots of fun. The weather was just perfect. Mr. Wales and James Barela took some pictures.

We dove into the waves. Boy! The waves were rough. We were lucky no one got hurt.

We went shopping at Balboa Beach. We enjoyed it very much. I am sure that we'll never forget our wonderful trip.

Our former boys' Sergeant-at-Arms, John Tracey, resigned from that office. Chris Clements was elected the new Sergeant-at-Arms.

The Class of 1972

The junior class is one of the smallest in recent years, consisting of 15 boys and 18 girls. However, what the class lacks in numbers it makes up for in enthusiasm and interest. Plans are already underway for the yearbook and for the Junior-Senior Prom. The officers for this year are: president, Artie Eyrich; vice-president, Marlon Branton; secretary, Laura Escobar; girls' treasurer, Susan Lee; boys' treasurer, David Sanderson; yearbook editor, Joe McRoberts.

Student Body Government

On September 22 the Student Body Government sponsored their annual picnic to welcome new students. It was a beautiful afternoon and everyone enjoyed swimming, playing games and just relaxing. After dinner president John Tracey introduced the new students.

October 14 the Student Body Government had a pep rally in the gym to promote school spirit and to introduce our football players.

Boy Scout News

The boys of Troop 18 decided to go to Sea World for their first trip. They are looking forward to another year full of experience and fun.

Many of the boys went to Camp Emerson during the summer, which marks the first time in that camp's history it has ever hosted a deaf troop! The boys did an outstanding job and won many honors in the various contests and events.

Troop 18 will meet every Thursday at 6:45 p.m. in the old gym.

Girl Scout News

Troop No. 337 had a cookout and a nature hike. We went to Fairmount Park in Riverside. All the girls had fun and many learned how to cook over an open fire. It was also interesting to see how many different types of plant and animal life we could find.

Troop No. 337 has formed four patrols. The Butterflies, the Roses, The Lady Bugs and the Kittens are the names of our patrols.

Favorite Hobbies

My hobby is sports. I like all of them and hope some day I will be able to try the ones I never played. It's always interesting to learn how to play a new game. But of all the sports I know, my favorite is surfing. Not too many girls enjoy surfing as a hobby, but if they like the ocean waves as much as I do, they would just love this sport.

I first started surfing two years ago. One of my friends was a good surfer and knew I was interested so he said he would show me how. At first I was terrible, but by the end of the summer I was doing fairly well. I was still far from being called an expert, and that's just what I wanted to be. So every day when it was warm I would go surfing. By the second summer I knew I had it made. I was able to sit on the boy's shoulders, and together we would go riding down the waves.

I like surfing very much and even when I fall off the surfboard and practically drown, I still go back out and try again. After a hard day surfing under the sun it is always fun to sit around the fire and talk. I like to sit and watch the waves come roaring down upon the beach and hope tomorrow will be another good day for surfing.

Stephanie Stephanos

For my hobby I usually work with automobile engines with 6 in-line cylinders, V-8 cylinders, or flat cylinders. I used to own a 106 cc. Italian motorcycle. I bought it for \$12, but the engine had many missing parts. I ordered the parts and put the engine together. When I started the ignition, the engine roared into life. It was like a miracle, for the motorcycle had been sitting in the rain for many years with missing parts. I sold that motorcycle and intend to buy a larger one that is capable of going on a long trip.

I have become interested in the fundamentals of engines. Now I like to work on V.W. engines and probably will go on to aircraft engines later.

The Earthquake

What were your feelings when we had the earthquake early in the morning on September 12? Wasn't that a jolt or should we say "a good shaking"? Here are a few things some students wrote:

I felt my bed shake; I woke up and turned to look at my desk lamp which was rattling as if a bell were ringing. I realized we were having an earthquake, but wasn't scared as I have felt many.

Randall Biell

I woke late up the morning and my mom asked me if I had felt the earthquake. I had felt nothing. Everbody in the family felt the earthquake except me!

Nikki Roberts

When I felt the earthquake, I woke up and saw the swaying of the ceiling lamp which was on a chain. I was scared, jumped out of bed, and ran to my father. When he told me it was just a light earthquake, I felt foolish and went back to bed.

Jane McDermott

I was spending a few days with a friend. We were sleeping in sleeping bags on the living room floor. When we felt the earthquake, we woke up, looked at each other, smiled, and then laughed. We were however, a little scared.

Linda Ridenour

At 7:30 a.m. there was a funny feeling in my legs. I woke up and looked at my bedside clock; then I saw the television antenna shaking rather hard, and it lasted 45 seconds. My mom ran to me and said, "Did you feel that?" I told her it felt wonderful!

Diane Elkins

I was asleep when I felt the earthquake, but I was also dreaming. I dreamed that the walls in my room moved back and forth. My father woke me and asked me if I felt the earthquake. I asked him, "When?" I couldn't believe it because I had dreamed it and felt an earthquake at the same time!

Ken Sorkin

My dog always jumped on my bed to wake me up in the morning. When my bed began to shake, I reached out my hand to pat the dog, but it was not there. I opened my eyes and saw no dog! The bed was still shaking. I knew right away it was an earthquake.

Mike Bixler

When I felt the earthquake, it felt like a train going by near our house.

Where was I at the time of the earthquake? I was sleeping like a log and never felt a thing!

Chris Clements

I was doing the dishes, and I put some scraps of food into the garbage disposal. When I turned the switch on, it made the usual loud noise, but this time the floor was also moving, and the water in the fish tank was splashing back and forth. I thought I had broken the garbage disposal and turned it off; however, I froze because the house was still moving, and it stopped a few seconds later. My heart was beating fast; it was minutes before it slowed down again.

Stephanie Stephanos

I was asleep when my bunk bed shook. I thought my brother shook my bed, and I looked for him, but he was not around. I thought of my dog, but he also was not around. I looked at a mirror, and it was moving. Then I knew that it was an earthquake.

Ed Fike Headquarters

Last summer I went to Las Vegas to live with my grandmother and my aunt at their home for three months. My aunt took me to the Republican Headquarters to work for Ed Fike who is now Lt. Governor of Nevada. I worked very hard and helped with his campaign. Many volunteers helped with mailing brochures to the Republicans in the state.

Sometimes I saw Mr. Fike at the headquarters, and I talked with him. I got along with the teenage boys and girls who worked and helped at the headquarters.

Later I stayed at my relatives' home and did not go to work at the headquarters. Mr. Fike missed me and told my aunt, so I went back to work again, and I earned \$3,460.00 in three months. Boy, I could hardly believe it. My money is in the bank.

We had a party and a large crowd of teenagers came and listened to Mr. Fike. Then I left Las Vegas for home, and Ed Fike sent me a congratulatory note; he said that I was the only deaf person who worked for him and that I had worked very hard.

Random Notes

Rocky Finley enjoyed visiting relatives in Missouri. Rocky, his brother, and his cousin went with other friends from the Kansas School for the Deaf to Tennessee. They went by bus and stayed in Tennessee one week. About three weeks later Rocky his mother, and brother came back to California. He had a nice vacation.

Don saw it and showed it to his brother-in-law. His brother-in-law took the check to the woman. She was happy. She gave them a twenty dollar reward.

Multi-Handicapped Unit

During the last session of the state legislature, funds were appropriated to provide for an increase in the size of the Multi-handicapped Unit from thirty to sixty children. A contract has been awarded for construction of portable buildings necessary to provide additional dormitory and classroom space. These buildings are scheduled to be completed and ready for use in early January.

Eight additional teachers have been added to the staff of the Multi-handicapped Unit. They are currently undergoing in-service training in preparation for the arrival of the additional children in January.

The legislature also provided funds for working drawings for use in construction of a permanent unit to serve 200 children. It is hoped that capital outlay funds necessary for construction will be appropriated during the next legislative session.
